

## WESTERLY AND VICINITY

**Congressman Utter Makes First Appointment—Woman Who Stopped From Moving Car Recovering—Nelson Lodge Installs Officers—Labreque-Clark Marriage.**

Rev. Thomas O'Brien, son of Michael O'Brien of Westerly, and brother of Patrick H. O'Brien of New London, and stationed at St. Mary's church, Providence, is at St. Joseph's hospital in that city under treatment for a trouble which has the aspects of appendicitis. Friday morning the priest was removed from St. Mary's rectory, suffering considerable pain. At that time it was thought immediate operation was necessary, but at the hospital the trouble responded to treatment and there is hope that extensive treatment might not be required. Father O'Brien is a native of Westerly and has been at St. Mary's church several years. He is a popular clergyman and deep concern is being shown by members of the parish, relatives and friends in Westerly, and by all who know him.

Congressman George H. Utter of Westerly has made his first appointment and selected Walter Emmet Peck of Woonsocket for a cadetship at West Point. He is the son of Walter D. Peck and has strong endorsements. The appointment is directed selection without competition and shows the congressman's confidence in the ability and standing of the appointee. He was born June 28, 1891, and was educated in Providence and Woonsocket. The young man was an enthusiastic and talented student of the high school, and in that line gained a host of admirers. In 1909 he took up study in the military school and was graduated with honors in all departments last Thursday.

He will enter West Point next year with exceptional advantages, in point of training, his last two years' work fitting him especially for the demands of the military academy. While at the academy he was an officer in the cavalry troop and as a trooper, a daring and accomplished horseman, he made an enviable reputation. Young Mr. Peck is a member of the Providence Literary society, one of the oldest prep school fraternities in the country, editor of The Windmill, the school monthly, and a member of The Haverack, the official publication of the graduating class. He has the confidence and friendship of the teachers and associates, and wears the medal of honor of the Order of Phoenix for excellence in scholarship and service to the school.

Miss May Smith, in the employ of Mr. and Mrs. Samuel H. Davis, was rendered unconscious for nearly 24 hours by reason of injuries received by stepping from a car of the Westerly Valley Street railway before the car stopped. Miss Smith gave a signal to the conductor to have the car stop near the Foster farm, but before the signal was executed she stepped from the car, facing the rear, and as a result was thrown heavily to the ground, striking on the back of her head and was rendered unconscious. She was taken into the Foster residence, where she received medical attention. Upon regaining consciousness she was taken to the home of her mother, Mrs. Sullivan, in East avenue.

Miss Smith is gradually recovering from the effects of the accident, although it was at first feared her skull was fractured. The accident happened on the car that left Westerly at 8 o'clock Friday evening, for Watch Hill. No blame is attached to the car crew.

Sixteen cities and towns in Rhode Island, including the town of Westerly, appear in the annual report of "What American Children are Doing" being for the Health of School Children, just published by the department of hygiene of Russell Sage foundation. Returns were received from Bristol,

Burrillville, Central Falls, Coventry, Cranston, Cumberland, East Providence, Lincoln, Newport, North Kingstown, Pawtucket, Providence, South Kingstown, Warwick, Westerly and Woonsocket.

In these municipalities it is reported that eight have medical inspection, seven inspectors for contagious diseases, five vision and hearing tests conducted by teachers, six similar tests by doctors, two physical examinations by doctors, fourteen regular outdoor recesses, fourteen recesses in all elementary grades, nine schools having individual drinking cups, ten schools with sanitary fountains, eight with moist cloths for dusting, thirteen with dust absorbing compounds for sweeping, none with clean closets, sixteen with adjustable desks, thirteen with instruction on alcohol and tobacco, twelve cities in which instructions on tuberculosis are given, and six where instruction in first aid to the injured is given.

William Morgan, a teamster in the employ of Contractor Louis Dotolo, "while engaged in carting coal to a stone crusher, lost a valuable gold watch, claiming that it was stolen with his vest, which he had laid aside while loading coal. The case was reported to the police, and the customary steps were taken in the endeavor to locate the stolen watch, but without effect, and the reason is now plain.

Russell Lenihan, son of Assistant Postmaster Thomas F. Lenihan, noticed a vest lying beside the brook near Lincolnton, Monday and identified and received the watch. She did not know whether her husband carried coal to the crusher, where the watch was found or not, but was of opinion that he left the vest where it was found, and was of the belief that it had been stolen in the coal yard.

The house of marriage were published in the Church of the Immaculate Conception, Sunday, of Joseph Lenihan and Miss Katherine Lenihan, daughter of Mr. and Mrs. Cornelius Bransfield.

In the presence of many friends, Arthur J. Labreque and Miss Rose M. Clark were married Monday morning in St. Michael's church. Rev. Dr. John Neale officiating. Miss Mary Clark was bridesmaid and Herbert H. Best man.

Rev. Dr. John Neale, rector of St. Michael's church, Pawtucket, has greatly improved the church property, during his comparatively short pastorate, and there are more improvements in contemplation. The annual census and collection, has just been completed and the collection totaled \$10,000, the largest taken in the parish in fifty years.

**GOOD NEWS**

**Ladies Everywhere**  
are glad to know of the wonderful benefit that Viburn-O-Gin has always been to sufferers of their sex.  
Thousands of ladies spread the good news among their neighbors and friends.  
Others write letters for publication, thus suffering sisters, unknown to them, may learn about it in the newspapers.  
So the good word goes on.  
Viburn-O-Gin is a purely vegetable compound, containing no harmful properties, is actively specific in its curative action on the womanly organs and functions.  
To young and old it is highly recommended for the treatment of all forms of female troubles.

**Testimonial**  
"I had been a great sufferer for years before learning of Viburn-O-Gin. I had misplacement, fainting spells, constant headache, and other female troubles, which made me feel very weak. I tried different doctors, but none gave me relief, so I took Viburn-O-Gin and it relieved me so much that I want you to spread the news of what it has done for me. It certainly will do as much for other sick women."
